# THE PARKS PRE-PRIMARY

## PARENT INVOLVEMENT POLICY

+27 (0)11 646 3925   www.theparkspreprimary.co.za   38 Kildare Avenue, Parkview, 2193

1. Policy Statement:

The Parks Pre-Primary recognises the importance of parental involvement in supporting children's learning and development. We believe that a strong partnership between parents and our school creates a positive and enriching educational experience for children.

2. Communication:

- We maintain open and regular communication with parents, providing them with updates on their child's progress, activities, and events happening at the school.
- We utilise various communication channels such as newsletters, emails, parent-teacher conferences, and a dedicated parent WhatsApp group to ensure effective and timely information sharing.

3. Welcoming Environment:

- We create a welcoming and inclusive environment that encourages parents to actively participate in their child's education.
- We provide opportunities for parents to visit the school, observe classroom activities, and engage in conversations with teachers and staff.

4. Parent Education and Workshops:

- We offer parent education sessions and workshops on various topics related to child development, parenting techniques, and relevant educational practices.
- These sessions aim to enhance parents' understanding of their child's learning journey and provide them with practical strategies to support their child's development at home.

5. Volunteering and Participation:

- We encourage parents to volunteer their time and skills to actively participate in school activities and events.
- Parents can assist in classroom activities, share their expertise during special sessions, or contribute to fundraising initiatives.

6. Parent-Teacher Collaboration:

- We promote regular collaboration and communication between parents and teachers to ensure a holistic understanding of each child's needs and progress.
- Parent-teacher conferences are conducted once a year, providing an opportunity for in-depth discussions about the child's development, strengths, and areas for improvement.
- Detailed written reports are provided at least twice a year, detailing the progress of the child's development, strengths and areas for improvement. These are based on continuous assessments.

7. Parent Advisory Committee:

- We establish a Parent Advisory Committee, known as the Parents and Teachers Association, consisting of parent representatives who work closely with the school administration and staff.
- This committee serves as a platform for parents to share their ideas, suggestions, and feedback to improve The Parks Pre-Primary's programs and policies.
- This committee serves to assist with all fundraising efforts throughout the school year.

#### 8. Home-School Partnerships:

- We encourage parents to actively engage in their child's learning at home by providing resources, suggestions, and guidance on age-appropriate activities.
- We collaborate with parents to reinforce learning goals and extend educational experiences beyond the school environment.

#### 9. Parent Involvement Recognition:

- We recognise and appreciate parent involvement through spoken words of appreciation, letters of recognition, and public acknowledgments.
- This recognition serves to motivate and encourage parents to continue their active involvement in their child's education.

#### 10. Feedback and Evaluation:

- We value parent feedback and regularly seek input through feedback sessions.
- Feedback received from parents is carefully considered to improve our parental involvement initiatives and enhance the overall school experience.
